

Since 1985 the Law Enforcement Torch Run has grown from a handful of officers, participating in an annual event to more than 2,000 law enforcement individuals from over 100 agencies volunteering year-round. The officers join together for two common goals: To spread awareness of the capabilities of people with intellectual disabilities and, to generate funds ensuring that the year-round sports training programs of Special Olympics are available to all children and adults with mental disabilities at no cost to the athlete or their family.
